

LAX Station and Cargo Managers' Meeting

Thursday, May 25, 2006

9:30am

**Tom Bradley International Terminal
Special Events Lounge**
(Take South Elevators, 5th Floor)

Parking validation provided

The intent of the LAX Station and Cargo Managers' meeting is to keep you informed of current issues and initiatives affecting operations at LAX. This is the opportunity for discussion among the Station Managers of those issues affecting operations at LAX. Agency and LAWA Division representatives will be available to address questions and issues as they arise.

To have the information at the meetings pertinent, Managers are requested to submit issues of concern and/or interest to LAXAirportManager@lawa.org at least a week prior to the scheduled meeting to ensure that information and appropriate representatives are available to address the issues at the meeting.

Routine reports and updates will now be posted on the LAWA website www.lawa.org/aiops under Airport Reports; no oral presentations will be given of this material.

We hope the meeting format is effective. Your feedback and suggestions are welcome.
